LCCC Wireless Network

Wireless Network Access is available in every building on main campus and at all dedicated centers, as well as outdoor common areas. Faculty, staff, students, and guests of LCCC may use the wireless network. Please note that there is a 2GB limit per user per day. College related sites are excluded from this limit.

The SSID that users should be connecting to is called: lccwlan

The WPA passphrase is: wireless

Proceed to next step only if on Main/Scranton/Wilkes-Barre/Shamokin/Kulpmont campus and Culinary Arts Center:

For Android users, tap connect on the next screen:
Lccwlan is a secure wireless network service that connects to the Internet using WPA2 (Wi-Fi Protected Access 2) or WPA on older systems. Your data is encrypted before it is transmitted over the wireless network, offering a much greater degree of privacy and security.
